

*"Overall a great course, that for me was life changing."*

Anna Loe

*The most valuable part of the training for me is being able to do the stuff that I have been reading about for so long. I got exactly what I was looking for and more!*

Joseph Hartzenburg – Counselling and Supervision

*"It was the best training I've ever had. I would thoroughly recommend the course to friends and colleagues and after seeing the changes in me, I know they'll see why."*

Cath Walker – Logistics Director, Sacred Hill Wines Ltd

*"What I got from the course was worth 100 times what I paid for it."*

Liz Reeseg - IT Industry

## The Venue and Training Environment

Filled with natural light, the Karioi Room at the Raglan Sunset Motel is located right on the edge of Raglan township. It's comfortable, quiet, yet everything's accessible, including a sunny outdoor courtyard. Small groups of participants mean you get the individual attention you deserve and the changes you want. The trainer places a high value on creating a fun learning environment and a safe zone where you can feel free to take on new challenges. To grow and to successfully coach, mentor or lead others, it's essential to continue to challenge and develop yourself.

*"The best training I have ever had. Nothing compares or comes close to what a great course this was."*

Anita Humby - Personal Manager Coach, Banking

*"The NLP techniques learned are extremely relevant and proved to be excellent tools for understanding others. Raglan was also a perfect location and I am glad I did this training away from Auckland, as it enabled me to really concentrate on what was truly important."*

Jason O'Connell - Industry Relations Manager-  
Air New Zealand

**Yes, I'm ready for personal evolution!**

## 18-Day International Certification Training

in Neuro Linguistic Programming

Raglan August - November 2020

## Are you ready for the next stage in your personal evolution?

Throughout this 18-day internationally recognised and certified NLP Practitioner Training, you'll gain real and holistic skills; skills that apply to all aspects of life. You'll enhance your Emotional Intelligence, polish your Soft Skills and put your People Skills on speed! And if you have any kind of coaching or development responsibilities, you'll find the skills in this training, essential to enhance what you already do.

## What is NLP?

NLP, or Neuro Linguistic Programming — to give it its full name — is the study of how people, 'know what they know and do what they do.' NLP consists of a body of well-proven skills and techniques that work consistently to effect deep and lasting behavioural change. You'll learn and integrate the approaches so you really 'live' them. By competently putting into practice the fundamental principles that drive people, you change not only mindsets, but also the resultant behaviour — including any of your own you'd like to improve.

## People Skills

Contrary to popular opinion, you can't treat everyone as you want to be treated. Well, you can — and you possibly have — but don't expect them to react the way that you would respond. They'll react in their own unique - and often infuriating way!

## So How Do You Affect Change?

It all starts with you. By learning how to tap into your hidden strength and potential, you break through previous barriers and develop new and more flexible ways of thinking and being in the world. Many participants notice increasing optimism and confidence, which naturally and positively influences others. You also develop skills to lead and coach others effectively.

## Effectiveness and Success go Hand in Hand

Whether it's your staff, colleagues, partner, kids, trainees, customers or even your boss, you know that without good influence and persuasion skills your effectiveness is severely limited — and so is your success. You'll make lasting changes with strategies and tools from NLP and be amazed by your new found sense of self and level of authenticity. The changes you create in your life result in breakthrough improvements in all your relationships. (You can read about the experiences of previous participants on the website.)

## Structured Training

Structured in three 6-day modules, the MetaMorphosis NLP Practitioner Certification training fits comfortably into your schedule. You have time to practice and integrate the skills between blocks, making it even easier to achieve the outcomes you desire. Each module builds on the previous one, so completing them in order is essential.

## Three Modules Complete The Programme

1. The Power of Personal Change - MetaMorphosis 101
2. Change Technology - MetaMorphosis 202
3. Change Integration - MetaMorphosis 303

Course days run from 9.00 am - 6.00 pm.

## Course Content

Over 140 hours (18 days) you'll learn extensive and comprehensive skills. It's impossible to include everything you'll master into this small brochure.

So head to the website and get the free eBook available at the link below. It details the course content and answers many FAQ's. It also contains success stories and testimonials from previous participants. If you're considering participating in this course, you can view all the information by visiting <https://metamorphosis.co.nz/product/nlp-practitioner-training/>

## Your Trainer

Stephanie Philp is an internationally recognised NLP Master Trainer, Master Coach Trainer and author. She's been training NLP Practitioners since 2000 and has trained NLP in NZ, UK and Portugal.

## Your Qualification

With over 140 training hours, NLP Practitioner Certification Training is being increasingly sought-after in all people-centred professions and is a prerequisite for many HR and training roles. Your qualification with MetaMorphosis surpasses the requirements of the NZ Assn of NLP (NZANLP). It will also be internationally recognised by the International Ass of NLP (IANLP) based in Switzerland and the International Association of NLP Institutes (IN).

## Who is the Training For?

MetaMorphosis NLP Training is for people who want to make changes in their personal and professional lives and/or who want to positively influence others in their growth and development. Participants come from all occupations including; business, coaching, health-care, education, training, sales, management, engineering and human resource management. They share a curiosity about what makes people 'tick' and a desire to continuously develop.
